JOSEPH JEFFERSON HONORED

The Great Actor Presented With
a Loving Cup,

Which Was the Gift of More Than 1,000
Members of the Dramatic Profession.
The Tribute Not so Much in Apprecia-
tion of His Achievements as His Noble
Qualities as a Man.

NEW YORK, Nov. 8.—Nearly all the
prominent actors and theatrical man-
agers in New York were included in the
company of 300 which assembled at the
Garden Theatre this afternoon to pre-
sent to Joseph Jefferson a massive
silver loving cup, the gift of more than
1,000 members of the dramatic profes-
sion.

Speeches were made by Daniel Froh-
man, chairman of the presentation
committee, who said: "This tribute is
not so much tendered as an apprecia-
tion of his artistic achievements as for
his noble qualities as a man," by John
Drew, Frank Mayo, Mr. Jefferson and
Mrs. Agnes Booth-Shoofel.

Frank Mayo made the presentation
address, in the course of which he said:
"We are here to-day to tender, in
simple, honest words, an expression of
that love and affection in which you are
held by your comrades of our profession.
First, as a man, whom all, without re-
gard to craft, honor and respect; then,
as our recognized and accepted repre-
sentative actor, the head and front of
the American stage, the peer of any
actor in any land. We greet you to-day
with all our love, with all our hearts."

Frank Mordaunt called for three
cheers for Mr. Jefferson, which was re-
sponded to with a will, the audience
rising en masse, waving handkerchiefs
and cheering. Mr. Jefferson, who ap-
peared deeply affected, did not attempt
a speech, but for half an hour dealt in
bright reminiscences of the stage and
old stories of Booth and Forrest and
his own early days, which pleased his
audience immensely.

SUICIDE IN WASHINGTON.

W. H. Collier Shoots and Kills Himself in
His State Room.

WASHINGTON, Nov. 8.—W. H. Collier,
a well-dressed man, apparently of some
means, who came here recently from
San Francisco, shot and killed himself
this evening in a state-room on the
steamer Norfolk just before it left the
city for Norfolk. He was the handler of
the output of saw mills.

From papers in his possession it ap-
pears that he had spent some time in
Norfolk during the past summer; also
that he was a member of the Islam
Temple of the Mystic Shrine and of
Ukiah Chapter Royal Arch Masons of
California.

The suicide's connections are believed
to reside in Michigan, as there was evi-
dence that he had on several occasions
sent the sum of \$100 to Mrs. Hattie Col-
lier, of Fife Lake, in that State, and
there was also an identification check
by which some presumably insurance
concern in Michigan was to be notified
in case anything happened to him.
There was some evidence to show that
he had lived in Lansing, Mich. The
man was about 40 years of age.

Collision at Sea.

NORFOLK, Nov. 8.—The crew of the
steamer Louise reported that, when off
Sewell's Point to-night, they heard two
vessels crash together and the cries of
men in distress. The fog was heavy and
the distance prevented them from reach-
ing the scene in time to be of assistance.
All they saw was two masts sticking a
few feet above the water (a white light
on one) and another floating near by.
It is quite certain that the Norfolk and
Washington line steamer Newport
News collided with a three masted
schooner, but it is impossible to get par-
ticulars. The vessel struck by the New-
port News was the tug Kattie, belonging
to Captain John Twohey, of this city.
The cook and fireman were drowned
and it is presumed that the remainder
of the crew were rescued by the steamer.

For the Championship.

AUSTIN, Texas, Nov. 8.—Last night
Hanson challenged Bubeur, the English
sprinter, to row him for the championship
of England and \$500 a side, and Bubeur
accepted the challenge. J. Gaudaur and
and Rogers and Bubeur and Barry
signed articles of agreement to-night to
row double scull for \$1,000 and the
championship of the world four miles
with one turn. The race will come off
here on the 17th.

Freight Wreck.

CINCINNATI, Ohio, Nov. 8.—Freight
No. 28 on the Kentucky Central division
of the Louisville and Nashville railway
was wrecked at 3 a. m. to-day by an
open switch at Morningview, seventeen
miles from Cincinnati. William Head-
son, who was in a box car with Eugene
Leigh's valuable yearlings, was killed.
The race horses were not seriously
hurt.

The Last Body Recovered.

DETROIT, Mich., Nov. 8.—The dead
body of James B. Thomas, a machinist,
was taken from the ruins of the Journal
building this evening. This is the
thirty-seventh body recovered, and, ac-
cording to the list of missing, was the
last body left in the wreck.

Shot His Wife and Himself.

SYRACUSE, N. Y., Nov. 8.—A special
to the Herald from Canastota says:
Wm. Hawkins, about 12:30 o'clock this
afternoon, shot his wife and then shot
himself. He died instantly, but his
wife is expected to recover. Domestic
infelicity was the cause.

A New Minister Will Be Sent.

WASHINGTON, Nov. 8.—News reaches
Washington from Korea that a new
minister to the United States will soon
be sent to this place in place of the late
minister who died of cholera on leav-
ing Korea.

UNDER CIVIL SERVICE.

Some Postmasters and Their Employes
Placed in the Classified Service.

WASHINGTON, Nov. 8.—The President
to-day approved an amendment to the
civil service rules, which will result in
bringing many postmasters and their
employes within the classified service.
The addition is as follows:

"And whenever by order of the post-
master general, any postoffice, shall be
consolidated with and made a part of
another postoffice where free delivery
is established, all the employes of the
office thus consolidated whose names
appear on the roster of said office ap-
proved by the Postoffice Department
and including the postmaster thereof,
shall from the date of the said order be
employees of the free delivery office, and
the person holding on the date of said
order the position of postmaster at the
office thus consolidated with said free
delivery office may be assigned to any
position therein and given an appropri-
ate designation under the classification
act which the Postmaster General may
direct."

It is the intention of the Postoffice
Department to consolidate offices
throughout the country. This con-
solidation will not necessarily do away
with the offices, but will establish
them as stations of some central point.
The Postoffice Department intends to
make experiments in this direction and
if they prove satisfactory the system
will be largely extended. It is prob-
able that presidential offices as well as
fourth-class offices will be included in
the consolidation.

The order does not mean, however,
that when an office is consolidated with
another that it will be served as a free
delivery office or station. It will receive
and distribute its mail as at present.
The postmaster may become a clerk or
chief of the station, or he may be dis-
charged and some other person ap-
pointed, but as soon as he becomes the
clerk in the station he is included in
the classified service and protected by it.

The civil service commissioners say
that if the new plan works as well as
anticipated by them and the postmaster
general that it will result in placing a
large number of postoffices under the
civil service rules.

MURDER AND ROBBERY.

A New York Saloon Boldly Robbed and
One Man Killed.

NEW YORK, Nov. 8.—The police made
seven arrests to-day of persons sus-
pected of being implicated in the mur-
der of Richard Pope and robbery in the
Walters Bros. saloon at Brown Place
and Southern Boulevard, at 11:30
o'clock last night.

Bartender Gillen, giving his version
of the murder and robbery, said that
when he first saw the men their move-
ments aroused his suspicions. He went
to the window, looked out, saw the
three men pulling handkerchiefs over
their faces and then they came in and
began to shoot. A party of men, among
whom was Richard Pope, were playing
cards in the saloon. The masked men,
armed with revolvers, covered every
man in the place, and the leader
shouted: "Put up your hands."

All the inmates of the saloon com-
plied, with the exception of Pope. He
picked up a chair, uplifting it, and took
one step toward the robbers. There
was a flash from the leader's pistol, and
then other thieves began to shoot,
riddling the walls and ceiling. Pope
staggered a moment and then tumbled
to the floor, uttering the cry: "I am
shot." Death was instantaneous. Two
of the robbers turned and ran, but the
leader, keeping the other men in the
saloon covered with his gun, sidled
down the bar, went behind it to the
money drawer and rifled it. A few
coins fell upon the floor, but the thief
pushed all the bills, amounting to \$42,
into his pockets and then slowly backed
from the place into the railroad yard.

Mr. Bayard Denounces Protection.

LONDON, Nov. 8.—The St. James Ga-
zette this afternoon, referring to the
address which the United States am-
bassador, the Hon. Thomas F. Bayard,
made at Edinburgh yesterday evening
before the Philosophic Society, his sub-
ject being "Individual Liberty, the
germ of national progress and perma-
nence" in which he denounced social-
ism and protection, asks if Mr. Bayard
is planning for his recall, adding: "His
policy now prevailing in the United
States if an indiscretion is clearly a de-
liberate one."

Given Up as Lost.

SAULT STE. MARIE, Mich., Nov. 8.—
There are still no tidings of the missing
steamer Missoula, now seven days over-
due. The boat and her crew of sixteen
men has been given up as lost. She was
owned by Captain Thomas Wilson, of
Cleveland, and valued at \$30,000. She
was about 300 feet long and rated A-1.
Her cargo consisted of 70,000 bushels of
wheat valued at \$55,000.

Jail Delivery at Winston.

WINSTON, N. C., Nov. 8.—While an
officer was taking a prisoner out of jail
for preliminary trial before a magis-
trate at 10:30 this morning, six other
prisoners, all negroes, assaulted the
officer, knocking him down. They then
made their escape.

IN HONOR OF CHAUNCEY DEPEW

The Dinner Tendered Him at
Buffalo Last Night.

In His Speech He Said, Alluding to the
Wealth of This Government and Its
Benevolence, That Our Processes of
Development Are Not Accidental, But
Automatic—Re Compliments Conferred
on Soldiers and the President.

BUFFALO, N. Y., Nov. 8.—Never has
this city seen a more representative
body of citizens than assembled to-night
in the Buffalo Club to do honor to Hon.
Chauncey M. Depew. The dinner was
tendered to Mr. Depew not alone be-
cause of his prominence in affairs of
commerce, but quite as much for the
special interest he has always mani-
fested in the city.

Hon. Edgar B. Jewett, mayor of Buf-
falo, presided and welcomed the guests
of honor in a speech which elaborated
the sentiments that inspired the ban-
quet. John N. Scatcherd, president of
the Bank of Buffalo, was toastmaster.
The chief speech of the evening was
that of Mr. Depew. He spoke in main
as follows:

"Thirty-three years ago, as a young
law student, I made my first political
speech at Buffalo. The question of the
hour was slavery and secession—the one
the highest moral issue a people had to
do with. I have a lively recollection of
that speech, my first in a city and to a
great audience. I am afraid that it
justified a criticism passed upon it by an
old lawyer—that it had more frills than
logical, though the intensity of feelings
and passions of the hour gave it an en-
thusiastic reception for its declaration. I
remember lying awake all night, think-
ing the district attorney would come
and take me before the grand jury to
justify the charges I had made against
President Buchanan and his
cabinet for conspiring the overthrow of
the Government in the interest of the
slave power."

Speaking of the wealth of this country
and of the beneficence of its govern-
ment, Mr. Depew said:

"Our processes of development have
never been historical nor accidental, but
automatic. Our form of government is
the only form capable of indefinite ex-
pansion without weakening its cohesive
power. It is not possible to conceive of
a revolution dangerous to our existence
or to the integrity of our institutions or
to the conservative safeguards of life
and property of which we are so proud,
which will involve the whole republic.
"The Debs revolution, with govern-
ors of States and mayors of cities in
sympathy, was a remarkable test. Though
it involved one-third of the States
and one-half of the Territories, yet
with the Confederate veterans of the
South eagerly proffering their ser-
vice to the government and sober sense
of the New England and Middle States
sustaining it, was dissolved almost as
quickly as it sprung up."

He paid a warm tribute to two citi-
zens of Buffalo who, he said, each in
his time, did right, the one (Elbridge
G. Spaulding) in opposing limitless in-
flation of the currency, and the other
(Grover Cleveland) in protecting the
honest dollar.

Refused to Adopt the Provision.

COLUMBIA, S. C., Nov. 8.—The con-
vention by a vote of 95 to 37 refused to
adopt the provision preventing judges
from issuing injunctions against the
commission of crimes. Under the statu-
tute a judge can imprison in the peni-
tentiary one who violates his injunc-
tion against selling liquor and the propo-
sition was aimed to abolish that. The
cry was raised by Senator Tillman and
others that it was sought by this to kill
the dispensary law and it had its effect,
as the vote shows. The day was spent
in discussing the proposition.

In the constitutional convention to-
night Senator Tillman, chairman of the
suffrage committee, made a great effort
to have incorporated in the suffrage
article reported by his committee the
clause stricken out Tuesday night pro-
viding for bipartisan election boards.
He made a characteristic speech, but
the convention, by a vote of 75 to 51, re-
fused to divide control of the election
machinery.

Grout May Be Elected.

BROOKLYN, N. Y., Nov. 8.—The can-
vassing of the regulars on the mayoralty
vote was continued to-day by the law
committee of 100 in the interests of
Edward M. Grout, the regular Demo-
cratic candidate. In ten complete
wards, it is claimed that 489 errors have
been found and that enough additional
discrepancies will be discovered to prove
Mr. Grout's election. The law commit-
tee claim that fraud has been practiced
and that out of some 7,000 ballots,
which have been rejected as defective over
4,000 have been cast for Mr. Grout.
The official canvass of the ballot will
be begun on Tuesday next.

Detroit Wants the Treaty Broken.

DETROIT, Mich., Nov. 8.—Mayor Pin-
dick last night sent a long common sen-
sation to the council favoring the abroga-
tion of that portion of the treaty be-
tween Great Britain and the United
States, which prevents building war-
ships on the lakes. The message was
adopted as the sense of the Detroit com-
mon council.

The Colt Divorce Case.

NORTH CONWAY, N. H., Nov. 8.—The
taking of depositions in the Colt divorce
case has been postponed until to-mor-
row. Francis Colwell counsel for Col-
onel Colt, having been prevented from
reaching North Conway in time for a
hearing to-day.

Hill's Cold Storage Damaged.

MONTREAL, Nov. 8.—Hill's cold
storage warehouse on William street
caught fire to-day. The damages were
mostly caused by water and amounted
to between \$30,000 and \$100,000.

THE BUSINESS SITUATION.

Improved Demand for Textiles With In-
creased Strength in Iron.

NEW YORK, Nov. 8.—Bradstreet's to-
morrow will say: The interruption to
general trade throughout the country
incident to election has been emphasized
by unusually mild weather, which
checks demand for clothing, heavy-
weight textiles and other seasonable
goods. Jobbers at most of the larger
distributing centers report that orders
now received are largely of a filling-in
character.

Except for iron, steel and cotton the
larger portion of advances in prices of
commodities reported since March last
has largely disappeared. Earlier an-
ticipations of continuous advances in
prices and demand this year, the out-
growth of the activity of two and three
months ago, have met with disappoint-
ment. But there is little reason for the
reaction in sentiment by many who dis-
cuss business conditions.

Every wave of increased demand since
the tide began to rise in March has re-
sulted in net gain. The sentiment of
traders generally is that the outlook
promises an active spring trade, and
that the holiday season will prove sat-
isfactory. The feature of the business
week among larger Eastern cities is an
improved demand for textiles with in-
creased strength in iron at Pittsburgh
after the recent reaction.

Mr. Yerkes Not a Candidate.

LOUISVILLE, Ky., Nov. 8.—A special
to the Evening Post from Danville, Ky.,
says: John W. Yerkes, chairman of the
Republican State committee, to-day an-
nounced that he will not allow his
name to be presented for United States
Senator.

Great Fire at Matanzas.

HAVANA, Nov. 8.—A dispatch re-
ceived here from Matanzas says that a
great fire occurred there last night, dur-
ing which three stores and a number of
houses were burned. The loss is esti-
mated at \$100,000; not insured.

Carolina football eleven defeated Fur-
man University here this afternoon by
a score of 13 to 10.

THE "OLD ROMAN" ILL.

Senator Thurman's Condition is Very
Serious.

COLUMBUS, O., Nov. 8.—On Friday
evening last Judge Allan G. Thurman
had a fall which resulted in a serious
injury to his hip. No bones being bro-
ken and his constitution being so won-
derfully strong, led to the belief that he
would soon regain his accustomed
health. The effects of the nervous shock
soon appeared to have passed away and
Tuesday and Wednesday he had im-
proved so much that his physicians and
friends thought he would undoubtedly
get up again in a short time.

Yesterday, however, a severe relapse
occurred and there is to-day but little
hope that he can recover. His vigor-
ous constitution may yet pull him
through, but the chances are all against
it. This information comes from mem-
bers of the family. Mr. Thurman was
alone when he fell. He thought he was
strong enough to walk to the library
and back to his chair. In returning to
his chair he fell.

Judge Thurman was suffering con-
siderably to-night from the injury of
his hip and from rheumatism, but
otherwise is much better, having fully
recovered consciousness. He is able to
take nourishment and may survive for
several days or weeks.

Denies Women the Right to Vote.

LANSING, Mich., Nov. 8.—It has been
discovered that, through an inadvert-
ence, the blanket charter for the gov-
ernment of cities of the fourth class,
passed by the last legislature, and
which, after January 1 next, would be
in force in fifty cities of the State,
denies to women the privilege of voting.
In most of the cities affected this right
is now granted them, and the discovery
has created a sensation in official circles.

Will Hear Argument To-day.

WASHINGTON, Nov. 8.—Ex-Senator
Manderson had a short conference to-
day with Secretary Carlisle regarding
the sugar bounty case, at which it was
decided that the secretary would hear
Mr. Manderson to-morrow at 2 p. m.
The point to be argued is whether Com-
ptroller Bowler has the right to send the
application for bounty to the court of
claims without the consent of the
claimant.

Indian Agent Cadman Dead.

CHICAGO, Nov. 8.—J. W. Cadman, who
shot himself several days ago, died at
the county hospital at 2 o'clock this
morning, from the effects of the bullet
wound in his head. He was Indian
agent in South Dakota, and was a rela-
tive of President Cleveland's wife. No
adequate reason has yet been given for
his act.

The Vote of Iowa.

DES MOINES, Ia., Nov. 8.—The total
vote of General Drake, Republican can-
didate for governor, on nearly complete
official returns, is 267,369; Judge
Babb, 143,206; Crane, Populist, 29,462;
Bacon, Prohibitionist, 10,742. Drake's
plurality over Babb is 64,163. His
majority over all is 23,959.

ANOTHER SOUTHERN INVASION

This Time the Soldiers' Mission
is One of Peace.

Departure of the Chicago Excursion to the
Atlanta Exposition—Nearly Fifteen
Hundred People on the Trains, Includ-
ing Over 1,000 Soldiers, the Governor
of Illinois, Senator Cullom and Other
Notables.

CHICAGO, Nov. 8.—The excursion to
the Atlanta Exposition, organized by
the Chicago Southern States Associa-
tion, left the city this afternoon about
5 o'clock in trains of ten cars each.
There were nearly fifteen hundred peo-
ple on the trains, including many of
the prominent representatives of Chi-
cago, the governor's staff, Mayor Swift,
of Chicago, and party; Senator Cullom,
of Illinois, and many other notables.

The first regiment Illinois National
Guard, nearly 900 strong, Col. Henry L.
Turner, commanding, which endeared
itself to the hearts of Southerners by
taking so prominent a part in the cere-
monies of the celebration of the Con-
federate monument in this city last
spring, formed part of the excursion.
All things considered this is the most
notable excursion which has yet gone
into the Southern States.

The first three trains left over the
Chicago and Eastern Illinois railroad.
The first or "escort" train comprised
Governor Altgeld and party; Mayor
Swift and party; Senator Cullom and
family; Colonel Turner and staff.

The second train carried the second
battalion and first regiment I. N. G.;
the Gatling gun corps and the veteran
corps. The third conveys about half
the members of the Southern States
Association and invited guests. The
other two trains went over the Penn-
sylvania lines, the first carrying the
first and third battalions of the first
regiment, and the second bearing the
remainder of the Southern States
party.

In spite of inclement weather, a dis-
agreeable rain having prevailed since
early yesterday morning, great crowds
lined the sidewalks and heartily
cheered the soldier boys on their way to
what is here popularly called "The
peaceful invasion of the South."

The five trains are expected to arrive
in Nashville between 7 and 8:30 to mor-
row morning. The day will be spent in
that city, where elaborate arrange-
ments have been made to give the ex-
cursionists a cordial reception. In the
evening the march to Atlanta will be
resumed and that city will be reached
Sunday morning.

To-morrow afternoon the Cook County
Democratic Marching Club and many
members of the Cook County Democracy
will leave via the Illinois Central.
They will stop at Memphis on Sunday,
an entertainment having been arranged
for them there. They will reach At-
lanta Monday, in time to take part in
the celebration of Illinois day at the Ex-
position.

THE DETROIT CALAMITY.

Two More Bodies Found—Order Made For
Engineer Thompson's Arrest.

DETROIT, Mich., Nov. 8.—The walls
adjoining the wrecked portion of the
Journal building have been braced and
the work of digging in the ruins pro-
gresses rapidly and with a greater de-
gree of safety. Two bodies were taken
out this morning. They were those of
Lizzie Wiedebusch, employed in Miller's
bindery, and Charles Lind, aged 20, also
an employe of the bindery. Several
persons are still missing.

A mass meeting has been called for
to-morrow night to take steps for the
relief of the families of the dead. Sev-
eral popular subscriptions have also
been started and a generous response is
being made. Prosecuting Attorney
Frazier has ordered the arrest of En-
gineer Thompson, of the wrecked build-
ing.

Kentucky Legislature a Tie.

LOUISVILLE, Ky., Nov. 8.—The Even-
ing Post says that the general assembly
will be a tie when it meets and the
election of a successor to Senator Black-
burn is a matter of conjecture, the
Democrats having sixty-eight votes and
one Democratic-Unionist vote, making a
